Old Business

Field Maintenance

Scott stated he had to lower the mower blades the last time the grass was cut and then the mower barely cut any grass. Paul asked if we had serviced the club equipment and Scott said we had not yet. Paul said he would pick them up and get them serviced and winterized. Scott mentioned that he was still planning on having a field work weekend in the spring and asked the membership if anyone had any suggestions to please let him know.

Banquet

Charlie J. stated the banquet committee had met to formulate plans for the banquet. He said he would need eight members to show up about 4:30 pm to get the room ready. He said that GLC doors would be opened at 5:30 for members and the food would be served at 6:00 pm. The banquet would end at 8:00 pm and we need about 8 members to volunteer to clean up and put the GLC back the way we found it. The banquet committee has not settled on the menu yet but will finalized plans in the next couple of weeks. The committee is considering heavy hors d'oeuvres or a meal. He said we were expecting between 60 and 70 people. Ernie will send out an email and put the announcement on the web page. He said we would like everyone to RSVP by Jan. 10th, so we make sure we order the right amount of food. The club will donate \$200.00 for door prizes, 2 \$50.00 and 4 \$25.00 gift certificates. The entertainment will be the same as last year, a slide show and videos.

Charlie J. stated that this past weekend at the flying field was what Coffee Airfoilers was all about. We had campers spending the weekend at the field, many many planes, great flying, great weather, and awesome fellowship.

Show and Tell

Don Herrick and Eric Bjorn brought a flying wing that they are using to train Eric's falcon. Eric told us that his falcon needed training sessions to build up his muscles and endurance. They were going to show a video, but it stopped in the middle. What we heard, and saw was very interesting.

Don C. adjourned the meeting at 7:58 pm.
